

Guidelines for Team Kit information capture.

1. All measurements for kit are in inches and were taken from the garments as they were laid on a flat surface.
2. The tops were measured from under the armhole, the shorts were measured with little tension at the elasticated waistband.
3. All shorts have an elasticated waistband (medium tension). The waistbands are approximately 3" high.
4. Please ensure that players use surnames only for the names to appear on the back of their playing vests.
5. Please double check the spelling of surnames - these cannot be altered once given to Karuta Sportswear.
6. Player numbers should be 0, 00 and 1-99
7. FYI all playing kit is lightweight, single thickness material (not double sided) suitable for playing in Malaga in summer.
8. Opening Ceremony tops will require more size capture. Once the shirt and supplier has been agreed, we will be contacting you for further sizing information.
9. When you have collected all the relevant information and completed the form please send as an attachment to admin@fimba-gb.com . Subject title; 'Team Name' kit order.

e.g. w55s kit order
10. Any enquiries please send to the admin email address.
